

The Sanctuary of Asclepius at Epidauros was the most celebrated healing centre of the ancient world. The ancient Greeks approached health from a holistic point of view, and the Sanctuary included a theater, gymnasium, and stadium as well as traditional medical treatments. In Epidauros, the vast site of temples and hospital buildings is a tribute to the healing cults of Greek and Roman times.

3 August 2006

Sanford Auditorium

The Uniformed Services
University of the
Health Sciences

Bethesda, MD

Epidauros Project Symposium on Healing Design

Attendees

1. Walter Armstrong
Senior Architect
National Institutes of Health
armstrow@ors.od.nih.gov

2. George Atwell
Chief, Research & Development
Scientific Solutions International
george661@cox.net

3. Anne Bastian
Oncology Research Nurse
National Cancer Institute
bastiana@mail.nih.gov

4. Kathryn Beasley
Director for Healthcare Planning and Support
BUMED
KMBeasley@us.med.navy.mil

5. CAPT Stephen Bell
Facilities Director
BUMED M313
ssbell@us.med.navy.mil

6. Susan Blankenship
Nurse Specialist
MSMO/OI
susan.blankenship@na.amedd.army.mil

7. Stephen Burr
Regional Facilities Engineer
Navy Medicine - National Capital Area
smburr@navmednca.med.navy.mil

8. William Carey
President/CEO
NQ Industries, Inc.
nq500@aol.com

9. Laura Cearnal
Patient Representative
NIH Clinical Center
lcearnal@nih.gov

10. Henry Chang
Medical Officer
National Institutes of Health
changh@nih.gov

11. David Clark
Senior Health Facilities Engineer
TMA/PPMD
david.clark@tma.osd.mil

12. Patricia Collins
Senior Advisor
TRICARE Management Activity
patricia.collins@tma.osd.mil

13. Marion DunGan
Senior Design Manager Architect
Department of the Navy NAVFACHQ
michael.dungan@navy.mil

14. John Eberhard
Consultant
ANFA
john@ANFArch.org

15. Lawrence Eldridge
Senior Advisor
Clinical Center, NIH
leldridge@nih.gov

16. Richard Evors
Deputy Chief of Design
USAF AFMOA/SGSF
richard.evors@pentagon.af.mil

17. Suzie Farley
Patient Safety
